

Connect Financial Software Solutions Announces Milestone Savings for Nevada Federal Credit Union

Connect Financial Software Solutions today announced a milestone savings event for Nevada Federal Credit Union. After reviewing the credit union's online channel and Bill Pay configuration, Connect crafted a more efficient solution that will save Nevada Federal more than \$200,000 per year. The solution enables the credit union to continue serving its 72,000 online banking members with a robust and active online program.

Salt Lake City, Utah ([PRWEB](#)) June 4, 2010 -- Connect Financial Software Solutions today announced a milestone savings event for Nevada Federal Credit Union. After reviewing the credit union's online channel and Bill Pay configuration, Connect crafted a more efficient solution that will save Nevada Federal more than \$200,000 per year. The solution enables the credit union to continue serving its 72,000 online banking members with a robust and active online program.

"With the current economic conditions, improving efficiency and maintaining optimal ROI is critical to our organization," said Charles McCluer, CIO of Nevada Federal Credit Union. "After several years of partnering with Connect for Online Banking and Bill Payment Services, we approached them in a quest to reduce our online banking expenses. Upon completion of their comprehensive analysis, we made a few changes to our Bill Pay structure that reduced our expenditures significantly."

According to Joe Long, Vice President of Connect, "Like many other credit unions in today's challenging environment, Nevada Federal was seeking ways to cut costs without sacrificing service quality. After a review of their online channel and Bill Pay configuration, we developed a solution that resulted in a more efficient program, saving them more than \$200,000 annually."
